Preface

Myanmar trade promotion organization is the focal department assigned to realize the missions of the Ministry of Commerce which are, to encourage private sector development in accordance with the Market-Oriented Economic system, to expand market shares for Myanmar Products internationally, and to explore and promote markets for potential products and services. It is also the implementing agency for the National Export Strategy in coordination with the concerned departments and international organizations.

Receiving reliable and useful information is crucial for both exporters and importers to do their business in easy and effective ways. I believe that this publication of the booklet titled “Myanmar Trade & Services Directory” is a tool to contribute to filling up this space to great extent. I highly appreciate and would like to acknowledge that it is an output of a joint effort between Myanmar Trade Promotion Organization and the ASEAN-Japan Centre (AJC) under the National Activity Project. It is also a bridge to link Myanmar Exporters with potential foreign buyers conveniently. It can help promote our products to access the new markets in which new buyers can explore and contact Myanmar exporters through it.

This is the first ever edition of its kind which only includes some 100 Myanmar Businesses showcasing their potential products in each multiple categories such as Food and Beverages, Fisheries, Gems and Jewellery, Handicrafts, and trading and services. I hope it will be gradually developed by updating from time to time to include more Myanmar businesses and their products in its upcoming editions.

Foreword

Myanmar Trade Promotion Organization (Myantrade) of the Ministry of Commerce was established in 2016 to promote trade through exploring new markets for Myanmar exporters by linking with the buyers in foreign countries, strengthening exporters' capacities to compete effectively in the regional and global market and providing real-time trade information for export business.

This booklet, the Myanmar Trade & Services Directory, is one of the contributions to the above objective of promoting of Myanmar companies from various sectors to reach out to the targeted market destinations. The buyers from foreign countries can easily be accessible to Myanmar companies through this Directory and get contacts for business communication. We selected Myanmar companies from the sectors such as Food and Beverages, Fisheries, Fresh fruits and Vegetables, Pulses and Beans, Gems and Jewellery, Hotels and Tourism and other sectors. I hope this booklet will be a useful tool for both Myanmar companies and our potential business partners for mutual benefits and fruitful collaboration.

I am very pleased to welcome the publication of the Myanmar Trade & Services Directory, 2022 which has come out with colourful pictures of the products along with the business contacts information and good design as the first edition. I would like to thank all those who took endeavour and supported us in this publication.

Vision : To position Myanmar as a regionally competitive trading nation to attain export-led growth through promoting Myanmar's enterprises.

Mission : To promote Myanmar's trade and exports to enable local companies to compete effectively in the regional and global markets.
To Promote the branding of "Made-in Myanmar" of goods and services.

National Export Strategy-NES

The National Export Strategy (NES) in Myanmar has been carried out since the beginning of 2013. Priority sectors are: rice, pulses, beans and oil seed, fish and crustaceans, textiles and garments, wood based products, rubber and tourism. Cross cutting issues include trade financing, trade information and trade promotion, quality management, trade facilitation and logistics.

New priority sectors will be implemented in the fiscal year 2020-2025, covering a total of 18 sectors, including machinery & electrical equipment, agro-food processing, fresh fruits and vegetables, gems and jewelry, handicrafts, digital products and services, and innovation and entrepreneurship.

Trade Exhibition

MYANTRADE is responsible for organizing exhibitors to participate in trade fairs and exhibitions locally and internationally focus on market access to Myanmar products.

Economic Counselors

Starting from April 1st, 2018, Myanmar Trade Promotion Organization was assigned to be responsible as a focal department for

deploying Economic Counselors abroad, being able to export Myanmar products more in quantity and types with the aim of supporting the development of the foreign investment. The countries that have sent Economic Counselors are Japan, the Republic of Korea, India, Singapore, and Thailand, People's Republic of China (Beijing, Nanning, Kunming, Hong Kong); the United States of America, Belgium, Germany, South Africa, Brazil, and Australia, and plans to expand more foreign countries in the future.

***Special
Economic
Zones
(SEZs)***

Dawei Special Economic Zone

- Project Name : Dawei Special Economic Zone
- Brief Introduction : Dawei Special Economic Zone is strategically located adjacent to the Andaman Sea and near the Gulf of Thailand. Myanmar is located at a strategically important place in GMS and plays an important role as a gateway for the western areas of GMS to areas such as India, Middle East and Africa. Located at the southern part of the country touching the Andaman Sea and 350 km away from Bangkok; Dawei SEZ has an area of 196 square kilometres. The development of Dawei SEZ can contribute to the economic development of Tanintharyi Division at the southern part of the country and Myanmar as well as for GMS. Dawei SEZ can play a role in terms of regional integration across ASEAN. Dawei SEZ will become a land bridge between Dawei, Bangkok, Phnom Penh and Ho Chi Minh in the Greater Mekong Sub-region (GMS) Southern Economic Corridor. It can also be a supply chain linkage with Thailand's Eastern Seaboard (ESB) allowing industrial expansion, economic and social development for job creation, enhanced livelihood and basic infrastructure improvement.

Kyauk Phyu Special Economic Zone

- Project name : Kyauk Phyu Special Economic Zone
- Brief introduction : Kyauk Phyu Special Economic Zone is 1735.83 hectares (4289.32 acres) situated in Kyauk Phyu District in Rakhine State and as a key area for both the national economic development and Rakhine State development. In 2015, a consortium led by CITIC Group of China won the tender to develop the deep-sea port and industrial estate projects. The framework agreement aims to implement the Kyauk Phyu Deep Sea Port project, according to international norms. It is linking with Kunming, China, container port and gas-turbine power plant project. There are planned industries include industrial, logistics, services and agricultural goods. The Kyauk Phyu District strategically lies in the geographic centre of the economically vibrant and dynamic market cluster of China, India and ASEAN. Moreover, facing the Bay of Bengal, Kyauk Phyu SEZ will serve as the gateway connecting the hinterland in Central Myanmar, North-Eastern India and South-Western China to the world. Economic and social development will be enhanced by job creation, enhanced livelihood and basic infrastructure improvement.

PROFILE

AYA Bank was licensed by the Central Bank of Myanmar as a development bank on 2nd July 2010 and commenced under the Financial Institutions Law (FIL) as a financial institution. AYA Bank is a public company, the paid up capital of AYA Bank stands at MMK 1,180 Billion, assets at MMK 17.7 Trillion and equity at MMK 1,610 Billion. AYA Bank is the country's second largest bank with more than 3.2 million customers and 265 branches. Our large and loyal customer base has been one of the key drivers of our success, allowing us for rapid growth over the years.

As a member of the United Nations Global Compact (UNGC), AYA Bank is committed to implement global standards in corporate governance and compliance with principles in its management and operations. Consequently, since 2014, AYA Bank is fully compliant and audited under International Standards of Auditing (ISA) by Big Four international firm. To enhance credit mechanism and safeguard the tax independence, separate external audit firm analyses the bank's non-financial data. Furthermore, along our commercial venture, AYA Bank has engaged with professional consultancy firm for consultancy services to meet legal requirements, contractual requirements and address strategic business insights. The bank has also attracted and retained talented staff with both domestic and international exposure and has invested significantly in Learning & Development as a way to ensure long-term sustainable growth for the communities it serves.

In Myanmar we are the leading provider of Sustainable Finance with the market share of 54% in new real lending market. Being the first to establish Sustainable Finance, AYA Bank has transformed 82% of active customers to Digital Banking. Our primary business strategy is to provide comprehensive banking services related financial products through the utilization of enabling, unifying and reinforcing. This approach consistently creates significant value for strategic investment partners, diverse key stakeholders, human resource development, sustainable products and services across all customer segments. The bank continues to build up long-term relationships with customers, providing best-in-class customer service and leveraging technology as the enabler to rapidly expand the customer base. The bank also aims to further strengthen its governance, risk and compliance structure as a measure to ensure robustness and sustainable growth.
